

Project WET, WILD, and Learning Tree Facilitator Workshop

June 13th-14th

8:30am-4:30pm

Montana Audubon Center

7026 S Billings Blvd

Billings, MT 59101

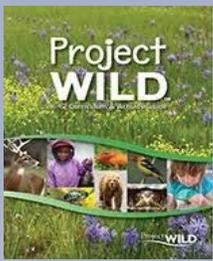

Cost: \$85.00

Plus a Saturday evening outdoor & social activity!

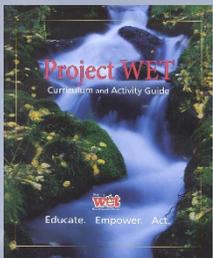

Are you interested in becoming a resource for professional development, providing teacher trainings, and have a passion for environmental education?

Become a Project WET, WILD, and Learning Tree facilitator all in one, two-day workshop!

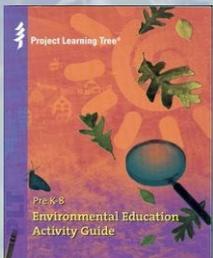

This workshop is designed for PreK-12th grade educators and includes all **SIX** curriculum guides and you'll become project facilitators with the skills to bring these curricula back into your community.

Project WILD is an interdisciplinary conservation program emphasizing wildlife. Project WILD is one of the most widely-used conservation and environmental education programs among educator of students in kindergarten through high school. It is based on the premise that young people and educators have a vital interest in learning about our natural world. Project WILD addresses the need for human beings to develop as responsible citizens of our planet.

Project WET an award-winning, NSTA-recommended Curriculum and Activity Guide, provides 21st-century, cutting-edge water education, correlated to Common Core Standards to Next Generation Science Standards. Providing all educators the tools they need to integrate water education into every school subject, including extensions for Pre-K environments. With 64 field-tested activities, more than 500 color photographs and illustrations, and useful appendices with information on teaching methods, assessment strategies, and more, this guide is an essential classroom tool and an excellent resource for pre-service teachers.

Project Learning Tree is a proven and award-winning environmental education program designed for educators working with youth from pre-K to grade 12. Use the environment to engage children in learning – both outside and indoors. Learn how to think, not what to think!
